

## RUSSIAN BOLSHEVISTS SEND BIG PROPAGANDA FUND TO POLAND

by the Central News correspondent at Berlin.

Czech-Slovak forces have crossed the Danube, cutting the Budapest-Vienna railway, a News Agency despatch from Basle reported today. [This apparently refers to the occupation of Raab, which is south of the Danube, midway between Vienna and Budapest.]

VIENNA, March 27.—A wireless dispatch received from the Soviet Government at Moscow declares that all of Galicia is in a state of revolution. The movement is described as having begun in the oil districts near Drohobycz, where the workers established a Soviet Government, and to have spread to the surrounding districts.

Troops dispatched by the Polish Government, the message asserts, joined the movement. The Lemberg Soviet, it is added, has declared a general strike.

PARIS, March 27.—A great military campaign against Poland is to be opened by the Russian Soviet Government this spring, it was declared by M. Joffe, the former Bolshevik Ambassador at Berlin, at a recent meeting in Vilna, according to word received by the Polish National Committee in Paris.

The Central Executive Committee of the Soviet Government, the Polish Committee also has been informed, has voted unanimously an appropriation of 27,000,000 rubles monthly for Bolshevik propaganda in Poland.

BASLE, March 27.—The new Hungarian Government consists of twenty-four Jews and six Christians, the Reichspost of Vienna says. The paper expresses belief that the Hungarians will not submit to such a Government.

### BESSARABIA PROCLAIMS REPUBLIC AND ATTACKS THE ROUMANIAN ARMY

Move Apparently Backed by Bolshevik Seeking to Link Up Moscow and Budapest.

LONDON, March 27.—A republic has been proclaimed in Bessarabia and its directorate has ordered military operations against the Roumanian Army, a part of which has been forced to fall back, according to a Warsaw despatch to the Telegraph. It is stated that the movement is evidently engineered by Bolsheviks, supported by Ukrainians, who seek to break through Roumania to establish contact between Moscow and Budapest.

### ALLIES MAY SEND GEN. MANGIN TO BEAT DOWN BOLSHEVISM

Commander of the French Army of Occupation Going to Hungary.

PARIS, March 27 (Havas).—Gen. Mangin, one of the leading officers of the French Army, will be recalled

from his command at Mayence, the newspapers announce. According to the Gaulois he would receive a very important command in Eastern Europe, undoubtedly the Balkans, with a view to possible operations on the Hungarian frontier and Southwestern Russia.

Gen. J. M. G. Maillotte, the military critic, in an article in the Matin says Allied Armies should march through Germany and effect a junction with Poland. Gen. Maillotte adds that the Allies must finish the job by a thunderstroke and declares that the sword of Marshal Foch is not yet sheathed.

### REVOLT IN HUNGARY WITHOUT BLOODSHED, SAYS BUDAPEST REPORT

Allied Soldiers, Including Americans, Unmolested — No Arrests Made.

BUDAPEST, March 25.—The Hungarian Soviet republic was firmly established today, without disorder or bloodshed and with amicable relations continuing with Allied representatives. All aliens and Allied soldiers are at complete liberty. The popularity of British and American officers has not diminished.

Everything in the country has been socialized, from the army down to baths.

A Red army is being organized on a purely volunteer basis, conscription being abolished as soon as the Communist Government took office. Soldiers are paid \$90 a month. They are clothed, fed and equipped without charge, and in addition they receive extra pay for support of their families.

Law courts have been abolished and supplanted by revolutionary tribunals, composed of a chairman and two members. They are virtually in continuous session, and justice is meted out rapidly and effectually.

All industries have been ordered to continue at work. Special committees are being formed to insure fair distribution of the scanty supply of raw materials.

Requisitions from private families are forbidden. Spreading of false news is severely punished.

All titles and ranks are abolished.

Shopkeepers have been ordered to prepare a list of their stocks and bank accounts. This is merely for the information of the Government, and no attempt will be made to seize either. Steps have been taken to substitute cash for checks whenever possible.

The Stock Exchange has been ordered to close operations.

Public baths must be opened to the labor class and school children, and no charge will be made to them. All private bathrooms likewise are at their disposal on Saturdays.

### FRENCH CHAMBER IN WILD TUMULT ON RUSSIAN POLICY

Cries of "Bolshevik!" "Liar!" Exchanged after Pichon Denies Allies Are at War.

PARIS, Wednesday, March 26.—Tumultuous scenes occurred in the Chamber of Deputies this afternoon when the Right and Left engaged in a controversy, each charging the other with being Bolshevik, while cries of "Liar" were heard in the midst of the storm of protests. The Socialists were bitter in their criticisms of the address made by Stephen Pichon, Foreign Minister, in answer to interpellations made by Marcel Cachin and Ernest Lafont on the Government's policy in Russia.

Paul Deschanel, President of the Chamber, was unable to restore order for a long period, and the pandemonium later resolved itself into a bedlam in which many Deputies added to the noise by pounding on their desks.

The session was suspended from 5.45 to 6 o'clock, when the Socialists renewed their attacks on the speaker. During M. Pichon's address Premier Clemenceau entered the Chamber, it being his first visit since he was wounded by Emilie Cottin on Feb. 19.

M. Moutet, a Socialist, who is one of the attorneys for Joseph Caillaux, under charges of treason, suggested during the Socialist attack on M. Pichon that "it was necessary to oppose one ideal or another and not to dodge that of President Wilson."

He was charged by Georges Bonnet, of lacking respect for Mr. Wilson, but President Deschanel interjected: "No one here lacks respect for President Wilson."

Turbulent scenes continued until the close of the session at 7.20 o'clock.

Foreign Minister Pichon in his speech said that the struggle against the Bolsheviks was not a declaration of war against Russia. After pointing out that the Allied policy in Russia was a "pacifying" policy, M. Pichon said:

"The Russian question is vital, as it is necessary in the interest of peace to bar the westward route of Bolshevism. If we do not act, the day Russia re-awakens she will find herself the ally of Germany."

### HOSTILITY TO U. S. TROOPS INCREASING IN GERMANY

Burgomaster of Coblenz Issues Warning After Numerous Fights—One American Killed.

COBLENZ, Wednesday, March 26 (Associated Press).—The Burgomaster of Coblenz has published a notice in the newspapers demanding that the Germans in the area of occupation use more self-control in their conduct toward the American soldiers, especially in any acts which might be taken by the Americans as an insult to their uniform or otherwise.

Reports reaching American Headquarters from various parts of the occupied zone indicate an increase in the number of rows and fights between soldiers and civilians. In several districts there have been more signs recently of a hostile feeling against the Americans than were in evidence, previously. An American soldier was stabbed to death in one instance.

### THOUSANDS MASSACRED IN KOREA, SAYS DESPATCH

Japanese Firing on People and Children Spared is Word Reaching Philadelphia.

PHILADELPHIA, March 27.—News of massacres in Korea was received from Shanghai today in a cable message to Dr. Synzmann Libbe, representing the Korean National Association. The message, which is signed by the representative of Korea at Shanghai, reads:

"Thirty-three officers of the Independence Union of Korea, also leaders of Christian churches, Heaven Worshipers, Buddhists, Confucians, students, merchants, rising everywhere. The whole of Korea is under martial law. The Japanese Army is firing on the people. Eleven thousand arrested. Many tortured and massacred. One thousand men, women and children speared. Schools, churches and shops destroyed by Japanese laborers. The strike movement is growing. Missionaries offering resistance. Uprisings in Siberia and Manchuria. Demand absolute independence from Japan."

Dr. Smith to Return to Texas. Dr. J. Frank Smith, Moderator of the Presbyterian General Assembly, will leave the Presbyterian Hospital, where he has been seriously ill for several weeks, for his home in Dallas, Tex., today. He will rest for several weeks at his home before resuming his duties.

### THIS MAJOR IS OBEYED BY SOLDIERS THROUGH THEIR LOVE FOR HER

Mrs. Maude R. Warren Went Across as a "Y" Worker and Comes Home as Commander.

Sweethearts of soldiers now in the Army of Occupation in Germany, here's good news!

"There will be no international marriages across the Rhine with American soldiers as bridegrooms."

That comes direct from Mrs. Maude Radford Warren, the only American woman who was promoted from private to Major in seven months. Mrs. Warren went to France as a "Y" worker. She was assigned to a quiet sector, but that wasn't her idea of what she went to France for, so she enlisted to go with the chuck wagons right into the fighting front.

Result: Col. Ruby D. Garrett, in command of the 117th Field Signal Corps of the 42d Division, lined up his men one day and announced:

"Men, your new Major! Obey her in all commands."

Which was very nice, but Major Warren says that those boys already obeyed her from sheer love for her, which is much nicer.

Along with the message for the sweethearts of doughboys Mrs. Warren sends word that the blunders of the Y. M. C. A., if there were any, were more than atoned for by the devotion and self-sacrifice of the field workers.

### WORLD'S LEAGUE COVENANT IS ABOUT COMPLETE

(Continued from First Page.)

resumed their efforts to settle the questions standing in the way of peace.

No event of the Peace Conference has excited more interest and discussion as this action of the President and the Premiers in taking affairs into their own hands, and while criticism and sarcasm are yet in evidence in some quarters, including the French Chamber of Deputies, still the prevailing view in conference circles is that the time had arrived for the adoption of a strong policy assuring early and definite results.

Previous to the meeting Premier Orlando spent an hour with Col. E. M. House, talking over the question of the Adriatic, which, with that of reparations and the Rhine frontier, are the three vital issues obstructing progress.

The Rhine frontier question comes up today (Thursday), and President Wilson has outlined a plan which he hopes may become the basis of an agreement.

The Adriatic issue is the most stubborn question remaining, and with no indication of a compromise upon it. The Italian reports of disorder at Spalato are not confirmed by American reports direct from that place. These latter reports show the Serbs working effectively and peacefully, while the Italian Admiral is reported to be arresting a large number of Jug-Slavs.

When the Americans intervened the Italian reply, the reports state, was that the United States was not a party to the secret Treaty of London and therefore had no status in the controversy. Such conditions as these are seriously hampering the solution of the Adriatic question.

Berger Gets 20 Days' Stay. CHICAGO, March 27.—Federal Judge Landis today granted a twenty-day extension to Victor L. Berger of Milwaukee and four other Socialist leaders convicted of violation of the Espionage Law and sentenced to twenty years' imprisonment, in which to prepare their bill of exceptions in the appeal of the case.

### TAFT CABLES LEAGUE CHANGES TO THE PRESIDENT

Text of His Suggestion Considered by Wilson and the Premiers.

WASHINGTON, March 27.—It was stated at the White House today that the text of amendments to the covenant of the League of Nations suggested by former President Taft was considered in Paris yesterday by President Wilson and the British, French and Italian Premiers.

It was sent from the White House less than a week ago, after Mr. Taft had been assured by Secretary Tamm that any suggestion from him would be welcomed by the President.

Several suggestions were made by Mr. Taft, the principal one dealing with the Monroe Doctrine. This was stated officially, but White House officials declined to give out the text of the communication.

The former President talked over the telephone with Mr. Tumulty last week and expressed a desire to make some suggestions if they would be welcome in Paris.

When President Wilson received the message making known Mr. Taft's desires he called the White House urging that the proposed amendments be sent as soon as possible, and expressing appreciation that the former President had concluded to make the suggestions.

White House officials had a message today from Rear Admiral Grayson, stating that the President was working practically night and day, but that his health was withstanding the strain admirably.

### PASSAIC I. W. W.'S FORCE NEW STRIKE; FIGHTS ALL NIGHT

Twelve Thousand Resume Walkout After Two Days, and Police Fear Rioting.

PASSAIC, N. J., March 27.—Bolshevism and the I. W. W. were revealed in two dramatic turns of the textile strike here today. As a result 12,000 workers repudiated signed agreements with Charles J. Fury, Federal Conciliator, and marched out of the mills in the morning. At noon notices were posted by the manufacturers that every employee who went out was discharged. All will lose bonuses. Rioting is feared by the police when the workers learn of the notices.

John H. Kehoe, City Commissioner, charges that the strikers permitted Bolsheviks to gain the upper hand in tumultuous meetings which lasted all last night. Matthew Fluhar, strike leader, resigned but was not allowed to quit. Fights were numerous, but the I. W. W. leaders got control and the workers repudiated their signed contracts and walked out.

The strike, which had lasted seven weeks, was settled and the mills reopened Tuesday morning when the workers went back to their jobs singing.

The police are now combating the strikers for Russian Bolsheviks. Alexander Burlar, a Russian alien, thirty-four years old, who admits he never worked in any of the mills but has been a prominent agitator in the strike, was locked up this morning.

The mill owners state in their notices that the mills will be reopened April 1 and that new employees will be hired. They offer a 48-hour week with 55 hours' pay and time and a half for overtime. Shop committees or individuals will be asked to confer with the managers, but no union or outside officers will be consulted.

### DIES IN OFFICE CHAIR.

David C. Baker, Magazine Publisher, Stricken Suddenly.

David Charles Baker, who was about to begin the publication of a magazine to be known as "American Justice," was found dead today in his office at No. 161 Fifth Avenue.

Baker came to New York about two years ago from St. Louis. Mrs. Baker died last December. He lived at No. 35 Claremont Avenue, the Bronx, with a daughter.

Mrs. Baker said her father appeared to be in excellent health when he left home. On reaching the office building, however, he told the Superintendent he was feeling poorly and asked him to notify his daughter if anything happened to him. Five minutes later the Superintendent opened the door of Baker's office and found him sitting there dead. His death, Medical Examiner Homer said, was due to natural causes.

### SENATE PASSES TUNNEL BILL IN LIVELY SESSION

New York Members Attack Vehicular Measure, Which Wins 33 to 78.

(Special from a Staff Correspondent of The Evening World.)

ALBANY, March 27.—After a two-hour debate the Senate by a vote of 33 to 78 this afternoon passed the bill providing for the construction of a vehicular tunnel between Canal Street, Manhattan, and a point in the neighborhood of Prevoist and 12th Streets, Jersey City. Senators Boylston and Downing led the Tammany opposition to the immediate consideration of the measure, although the former eventually voted for the passage of the bill.

"There is no reason why anyone in this body should procrastinate any further," said Majority Leader Walters, speaking in favor of the Tunnel Bill. "Gen. Goethals, the man who built the Panama Canal, says an under river tunnel is practicable, and as late as last Tuesday Gov. Edge of New Jersey told me that he would sign the Tunnel Bill passed by the Legislature of that State as soon as it came to him."

Senator George F. Thompson of Niagara wanted to know where the demand for the tunnel emanated from. Senator Walters replied that he believed men of New York City, particularly those who had goods shipped from New Jersey by lighters and ferries, were in favor of a tunnel. He cited the Merchants' Association and the Chamber of Commerce as two organizations desirous of seeing a vehicular tunnel between the two States.

Senator Downing made it plain that he did not oppose the general plan of a tunnel as much as he opposed the method by which the bill was being pushed through.

"This entire tunnel plan is clouded in deep mystery," said Senator Downing. "Why has not there been a hearing?"

"If there was a hearing," shot back Senator Walters, "possibly the lighterage interests might object."

### SOCIALISTS TO GREET SOVIET ENVOY HERE

New Russian Representative to Be Formally Received at Central Opera House.

L. A. C. K. Martens, recently appointed as the Russian Soviet Government's representative in this country, will be officially received by the Socialist Party of New York at 8.30 o'clock to-night at the Central Opera House, No. 205 E. 67th Street.

Speakers who will greet Mr. Martens will be Santar Muorteva, representative of the Finnish Peoples Republic; Albert Rhys Williams, correspondent who has been associated with the Russian Soviet Government; Gregory Weinstein, editor of the Russian Socialist New York daily newspaper, the Nolvoy Mir; Ludwig Loe, editor of the New York Volks Zeitung, and S. John Block, Chairman of the New York County Committee of the Socialist Party, who will act as Chairman of the meeting.

### MICHIGAN BOTTLE CORKED.

Legislature Acts to Stop Gaps in Dry Law.

LANSING, Mich., March 27.—The Michigan Legislature has passed an amendment to the Prohibition Act designed to stop the gaps left in the dry law when the Supreme Court recently nullified the "search and seizure" act. It is provided that it shall be unlawful for any person to import, sell, transport, deliver or receive or have liquor in his possession except in the sale of drugs, glazes or others specifically exempted.

All buildings or containers except private residences are subject to search under the new law, which provides a penalty of \$1,000 fine or one year's imprisonment for violation.

### MAYOR MITCHEL MEMORIAL OFFER SENT TO THE CITY

Committee Plans Amusement Place in Central Park—Evening World Praised.

A joint letter from Cleveland H. Dodge and Robert Adamson on behalf of the Mitchell Memorial Committee has been received by the Board of Estimate, asking that the board approve the conversion of the lower Central Park Reservoir into a place of public amusement, in which a monument to the late Major John Purroy Mitchell may be erected.

The committee estimates the cost of the undertaking at \$300,000, which will be raised by popular subscription. The committee will present the memorial to the city in the name of Major Mitchell.

The letter will come up before the board at the regular meeting tomorrow.

"The plan is practically the same as that originated by The Evening World," said Mr. Dodge this afternoon. "The sum of \$300,000 does not by any means limit the amount of money that may be spent. All of the plans have not been finished, but we do want to get the city's consent to go ahead."

"Will the plan so far submitted be a memorial for all the dead heroes of the city?"

"No, it is too modest for that, this will be in commemoration of the late Mayor Mitchell. The name has not been chosen but it will be known as Mitchell Park or Mitchell Recreation Centre—something like that. We want it to be of practical service for the children as much as a show place."

"The Evening World is entitled to high credit for originating the plan, the work that it did in collecting funds was splendid."

### MEDALS PRESENTED TO POST OFFICE EMPLOYEES

Miss Sophie Irene Loeb Officiates at Ceremony to Commemorate Sale of Bonds and Stamps.

Miss Sophie Irene Loeb, special writer of The Evening World and Vice President of the Mayor's Committee of Women for National Defense, this afternoon presented 441 medals to employees of the New York Post Office for their good work in the sale of Liberty Loan Bonds and War Stamps.

Miss Loeb was assisted by Mrs. Thomas G. Patton, wife of Postmaster Patton, who is Chairman of the War Stamp Committee of the Women's Committee for National Defense. Ten special prizes were awarded for the sale of the highest number of bonds and stamps, five to clerks and five to letter carriers. The presentation took place on the second floor of the Post Office Building at 33d Street and Eighth Avenue.

The Post Office employees sold in all \$2,152,661 in bonds and stamps. Of the latter alone they sold \$4,772,823, of which they took themselves \$23,084.71.

McFadden Still After Williams. WASHINGTON, March 27.—Representative McFadden of Pennsylvania in another letter today to Secretary Glass denies that the opinion of Attorney General Moody, cited by Mr. Glass, is enough cause for continuing John Skelton Williams as Comptroller of the Currency, and declares the Deputy Comptroller should be in charge of the office.
